Capabilities Narrative

Since 1978, Inflight Medical Services International, INC. has offered aeromedical transport services to more than 25,000 patients and their families worldwide. They are dedicated to providing the highest quality care, custom-tailored to meet each patient's needs. This commitment is based on the special considerations and procedures necessary during air medical transports. Additionally, they offer broker services for added convenience.

With 45 years of experience, this company is available 24/7/365, for individuals seeking assistance. The dedicated team is constantly prepared to respond promptly to calls and assess how the organization's air ambulance services can best address the individual's needs. Ensuring the individual's well-being remains the top priority, and a steadfast commitment exists to deliver timely and expert assistance whenever required.
